

# LightTube Whole Home DVR

---

## Why Whole Home DVR?

- It allows watching recorded programs on any secondary Set Top Box.
- Simultaneously record 3 programs at one time.
  - Record 2 different channels & watch a 3<sup>rd</sup> -or-
  - Record 3 different channels & watch one of those channels -or-
  - Record 3 different channels & watch a recorded program
- It is like having a DVR in each room.
  - You can rewind & fast forward a recorded program.
  - You can setup recordings & series recordings.
- You can stream multiple recorded programs from the DVR to multiple Set Top Boxes.
  - This means you can watch one recorded program in one room while someone else can watch a different recorded program in another room.
