

A publication for the customers of LightTube—a division of the Tulhahoma Utilities Authority

January 2024

If you can't be there to watch the Wildcats take on their area rivals, we've got you covered. Catch the play-by-play with host Scott Shasteen on the LightTube Sports Network. Replays air nightly at 7 o'clock and there's a new game every week on LightTube Channel 23.

## LightTube Pricing Adjustments for 2024

When you take a look at your LightTube bill this month, you're likely to notice a few changes—whether you subscribe to internet services, television services, or both.

Residential internet customers on high-speed packages can look forward to a drop in price in the new year. Gigabit subscribers will see their bill drop from \$79.95 to \$74.95 per month. Subscribers on the 300 Mbps plan will also see their bill drop from \$69.95 to \$64.95 per month.

Unfortunately, as the cost to rebroadcast large corporate TV stations rise, price drops are not a reality for our television customers. Starting with the January bill, television subscribers can expect to see increases for Limited Basic and Expanded Basic services.

The Limited Basic plan will increase from \$34.95 to \$44.95 per month. Expanded Basic will increase from \$99.95 to \$114.95 per month.
